

## NEXT THURSDAY GOLFERS QUALIFY BINGO PARTY SATURDAY, SUNDAY

Officials of the Morale Activities Association announced this week that the Bingo season will get into full swing Thursday, September 30 at 8:30 p.m. at the Activities Building. Now that the Seafood Festival and other outside activities have all gone over the board, the bingo parties will be bi-weekly affairs as has been the custom in the past, meeting every pay day.

For the benefit of new employees, 15 games plus a jack pot game will be played for a dollar a card.

The grand prize next Thursday will be a one hundred dollar credit certificate at the store of the winner's choice. Included in the jack pot will be a Gilbert food mixer and a Proctor electric iron. Six numbers will be called and if no one bingos seven numbers will be called at the next party and another prize will be added to the list and so on until some one hits the jack-pot.

Included in the prize list are the following articles: Pop-up toaster, waffle iron, electric iron, set of steak knives, Canterbury set, electric clock, musical alarm radio, clothes hamper, bathroom scales, and several other prizes that will be selected later.

## HOURS OF DUTY CHANGE MONDAY

Laboratory employees are reminded that at 12:01 a.m., Sunday, September 26, the Laboratory will return to its regular working hours, which are 8 a.m. to 4:30 p.m. The following shift hours are changed September 26: 7 a.m. to 3:30 p.m. changed to 7:30 a.m. to 4 p.m. 7:30 a.m. to 4 p.m. changed to 8 a.m. to 4:30 p.m.; 3:30 p.m. to 12 midnight, no change; 12 midnight to 8:30 a.m. changed to 11:30 p.m. to 8 a.m.

The East and West cafeterias

(Continued on page 3)

The Morale Activities Association's golf tournament gets under way next week at the Hampton Country Club and golfers are required to play their 36 holes for qualifying scores tomorrow and Sunday in order to be eligible to compete for the awards. If a player desires to do so, he may play all 36 holes in one day or he may divide them between the two days.

After the qualifying rounds have been turned in golfers will be placed in brackets of eight and paired off into two man teams with the tournament being a best-ball affair. The pairing will be worked on the following basis. The number one man in the bracket will be teamed with the number eight man in the same bracket, number 2 with 7, 3 with 6, and 4 with 5. The first round in the tournament must be played during the week of September 26 and the finals will be held on Sunday, October 3.

Due to the fact that the dollar rate green fees have been secured for the week-end matches in place of the customary \$1.50 green fees, players are asked NCT to pay the fee at the club house as was planned originally. West Area golfers are asked to pay the green fee to Len Bartone, West Engineering, and East Area golfers may pay their fees to Billy Bates, Free Flight Tunnel, or Dick Braig, Classification, Service Building. The dollar rate also applies to the qualifying rounds. Players who have not turned in their dollar entrance fee are also reminded to turn it in to one of the three persons named above.

USGA rules will apply with the following exceptions: a player may improve the lie of the

## "DON'T MISS THE BOAT"

That's right, we mean it literally don't you miss the good ship "Wauteka" on Saturday night, October 9 because you will miss the most gala evening of entertainment since the Carnival. On that night at 8 p.m. 'til 12 midnight you will be privileged to dance, imbibe a bit, spoon a little, and amuse yourselves in a manner reminiscent of carnival nights. Music will be furnished by Harry Semento and his "ork".

Ticket sales will be limited to 275 because the boat will only accommodate 550 persons, these 275 will sell for \$3 and will admit one or two persons per ticket. Tickets will go on sale Monday in the East and West Area cafeterias.

Beer, softdrinks sometimes referred to as "setups", ice, and sandwiches will be available on board.

The boat will leave the C & O railroad pier in Newport News, that's near the railroad station, at 8 p.m. so get on board early and stake out your claim to deck space.

## SPORTSMEN INVITED TO MOVIE OCT. 7

The Morale Activities Association is sponsoring something new in the line of entertainment. A program is being arranged to appeal to the interests of sportsmen. Plans are now underway to obtain several reels of motion picture film on various types of hunting and fishing for the first program.

Those sportsmen interested in bird dogs, bird hunting, fresh and salt-water fishing are invited to reserve Thursday, October 7 for a pleasant evening of motion picture film entertainment. If sufficient interest is evident, in the first get-together, a regular monthly program will be arranged.

# BRAINBUSTER NEWS

By Bill Poythress

Final arrangements for the Brainbusters model contest, which will be held Sunday, October 3 at 9 a.m., were completed at the last club meeting.

The contest will include only two events in rubber and all classes combined in gas powered. The entry fee will be fifty cents and money collected from club members will be accredited to their dues; other money will go into the contest fund. The meet will be open to all model builders who have an AMA license. Persons not having a license may purchase one at the field for one dollar.

General Smith, Captain Thomas, and Mr. Hedgepeth, all of the local Boy Scout Headquarters, were at the meeting and invited the Brainbusters model club to sponsor the Air Scouts in this area. They stated that they thought the Brainbusters were better qualified to do this job than any other group in the area. All indications point to the club accepting this honor and responsibility. Any club member with any definite ideas on the subject and who are unable to attend the meeting may voice their opinions to Joe Dodson or Bill Poythress, both of West Engineering.

Movies taken at the Hydro-meet were shown and the model that walked away with the show was the brunette seen walking around the Tank. The movies will be shown again in the near future and advance notice will be given.

## Coming Events

Printed below is a calendar of events scheduled to take place in the Activities Building throughout the coming week.

- Sept. 24 - Stock Section
- Sept. 25 - Model Shops

## LIFE AT THE LABORATORY

Passing out cigars. . . . .  
is Norman Reynolds, Maintenance. He recently became the father of a daughter, Ruthella Mary.

One of the. . . . .  
Laboratory's long-lived romances finally ended up in matrimony. The newly-weds are Kathryn Masimore, Equipment Control, and Cliff Hodge, Instrument Service. The big event took place Saturday, September 4 at Lexington, Virginia.

Another proud papa. . . . .  
who is gradually recuperating from his new experience is Reece Ivey, Physical Research. He became the father of a son, Henry Reece, Jr., on Wednesday, September 15. The mother, Margaret, is formerly of 7 X 10-Foot Wind Tunnels.

Another Laboratory. . . . .  
twosome, Ruby Ashley and Albert Rainey, both of Physical Research, tied the final knot when they took their vows last Friday in Hampton.

Dan Cupid really. . . . .  
seems to be doing a rushing business these days. One of his latest victims is William A. Forrest of West Machine Shop. He became engaged last Saturday night to Annette Lawson of Poquoson. No definite wedding date has been set as yet.

Another Laboratory. . . . .  
bachelor who recently gave up his freedom is Henry S. Black, General Research Instrumentation. Henry was married Thursday, September 16 to Jane Elizabeth Stimmel of Hampton.

It looks. . . . .  
as though June has lost its reputation as the month for weddings and September has taken over. Last Saturday James Otis Joyner, Report Distribution, took a nose-dive into matrimony when he said "I do" to Betty Lou Pencola of Phoebus.

Word has. . . . .  
just reached the Laboratory that John Breisch, formerly of the Machine Shop, was married Saturday, September 11 to Shirley Burton of Cleveland. The big event took place in Cleveland.

## BASKETBALL CLASS MEETS TUESDAY

Pat Cencro, Chairman of the Activities Committee, announced that the second in a series of basketball classes for women, will be held next Tuesday at 7:30 p.m. The classes are being conducted so girls' interested in learning to play basketball may have an opportunity to learn the proper technique of shooting, guarding, etc., from competent instructors.

All girls interested are asked to attend the class next Tuesday at the Activities Building.
